TRIBUTE TO A GREAT FRIEND

It's still so unreal to me that I'm sending a tribute to you at this time. Our friendship spans over 20yrs and in that time you have been more than a friend to me, you have been a brother.

You have always been kind and honest with me so it hurt immensely when you told me about your ailment though I was very encouraged when you seem to be getting better.

During our last few conversations, you told me of your travel plans to Canada and Germany and that gave me hope because it felt things were returning to how they were. I was even more excited when you told me you will be in Nigeria in December and I said to you I can't wait to see your face and you replied "same here".

One can only imagine the shock I had when the news of your death broke. I have so many emotions and thoughts about this but who am I to question God.

I take solace in the fact that you are resting in peace with no more pain. Your memory will live on in the hearts of those who cared for and loved you.

Adieu my friend, Adieu my brother.
