A Personal Tribute to Captain Idahosa Okunbo

Captain Idahosa Okunbo will be long remembered as an African champion, a proud son of Nigeria and a flag-bearer for his beloved Edo State. His faith, family and friends were central to a life lived to the full which embraced a passion for culture (notably the Benin bronzes), business acumen and philanthropy. I was fortunate to know Captain and I know his legacy will stand testament to his positive impact which brought joy to so many.
