LETTER OF CONDOLENCE

On behalf of the officers, ratings and civilian Staff of the Nigerian Navy, I write to commiserate with the entire Okunbo family over the death of the Chairman Ocean Marine Solutions Limited, Captain (Dr) Idahosa Wells Okunbo (JP). The shocking news of his passing has brought a deep sense of loss to us all, as we are sadly reminded about the frailty of our existence. We submit completely to the will of Almighty God.

The late Chairman will be greatly missed as we recall his dedication, patriotism and love for country over the years which established him as a trained commercial pilot, quintessential business magnate, philanthropist, bridge builder and consummate entrepreneur. His passing at this critical period is undoubtedly a devastating loss to the nation. Even though he would be deeply missed, his exemplary and selfless contributions to national development would be cherished in our memories forever. We therefore enjoin you and other members of the Okunbo family to remain grateful to the Almighty God for an accomplished and impactful life.

While condoling with you for this irreparable loss, please note that the Nigerian Navy family shares in your grief and our prayers are with you and the entire Okunbo family, now and always. It is our earnest petition that God Almighty grants his soul a peaceful repose. Once again, please accept our sympathies and heartfelt condolences.

AZ GAMBO
Vice Admiral
Chief of the Naval Staff
